Education

Vignan Institute of Information Technology   **2023 − 2027**
Bachelor of Technology in Computer Science   *CGPA:8.95*

Sri Chaitanya Junior College   **2021 − 2023**
Intermediate-MPC   *Percentage:96*

Projects

Food Delivery App | *ReactJs, NodeJs, Express, MongoDB*   [**GitHub**](#)
- Implemented user authentication and authorization with JWT, enabling secure login and registration processes.
- Designed and managed a MongoDB database to handle customer orders, restaurant menus, and delivery logistics.
- Optimized backend API performance and ensured scalable server architecture with Express.js and Node.js.
- Enhanced frontend user experience with responsive UI design, improving accessibility and engagement across devices.

Online Shopping App | *HTML, CSS, JavaScript, ReactJs*   [**GitHub**](#)
- Developed a dynamic eCommerce application using ReactJs, focusing on responsive design and user-friendly interface.
- Implemented a product catalog, shopping cart, and secure checkout system with React.js, enhancing customer experience.
- Integrated APIs for payment processing and ensuring seamless transactions.

Event Management System | *ReactJs,NodeJs,ExpressJs,MongoDB*
- Designed a system for managing events where users can create, view, and register for events.
- The system includes user authentication and event tracking.
- Created an API for creating and managing events, user registrations, and tickets.
- Designed a MongoDB database for event management, including handling updates.

Experience

OctaNet Services   **June 2024 − July 2024**
Web Developer Intern   *Remote*
- Developed a Todo List application for users to list down and delete activities after completion.
- Developed an engaging landing page focusing on user experience and responsive design to ensure compatibility.
- Created the above applications using HTML, CSS, JavaScript, and Bootstrap.

Coding Profiles

Leetcode (Rating:1537)

CodeChef (Rating:1620)

CodeForces (Rating 1214)

GFG

Technical Skills

Languages: C, C++, Python, HTML, CSS, Javascript
Technologies/Frameworks: ReactJs, ExpressJs, NodeJs, MongoDB, SQL
Developer Tools:Git, Docker

ACHIEVEMENTS

∗ Achieved a 3-star rating on CodeChef coding platform through consistent effort.
∗ Ranked 26th in JNTUV-GV coding Fest among 500 participants.
∗ Secured 10th place in Vista coding competition among 500 participants.
